ISO 9001 APPROVED COMPANY

S.O.S. LAW ENFORCEMENT **LOAD BEARING TACTICAL LIFEJACKET**

ISO 12402

S.O.S. Law Enforcement Lifejacket

ISO 12402

The inflatable life jacket is designed to be housed in an around the neck collar valise, the body of the vest is a breathable durable nylon mesh.

-Adjustable waist belt

-Custom designed pockets to house tactical baton, communication equipment, note pad and personal items.

-**SOLAS** light has been fitted and is located on the front chest area.

-**SOLAS** grade reflective tape is located in a minimum of 6 places on the upper side of the buoyancy chamber

-Optional 3 litre personal hydration system 'hands-free'

-The buoyancy bladder is 150N or 275N manual or automatic inflation system

-Adjustable crotch straps

SOS Marine has combined a lifejacket and Load Bearing Tactical Vest; this design makes the life jacket and vest well suited for high-risk tactical situations by providing greater levels of safety and comfort.

Our company is an ISO 9001 manufacturer of specialised marine safety and rescue equipment, purpose-built for the tough environments of the Defence, Law Enforcements and high-risk marine tactical operations.

SOS Marine supplies safety equipment to 12 National Defence Forces world-wide

S.O.S. Law Enforcement lifejacket is designed to fit over body armour and have pockets and pouches tailored to suit the mission profile. Fire arm holsters may also be built into the vest during the manufacture.

SOS DAN BUOY

Product Code SOS-6375

SOS Dan Buoy is tested to elements of the lifejacket standard ISO 12402 with **INTERNATIONAL PATENT**

- Just throw, no assembling required. Easily stowed carry bag (similar size to ladies handbag)
- Ready for instant deployment for all age groups
- It increases vital visibility & buoyancy for the person overboard
- SOS Dan Buoy has webbing loops allowing the person to put their arms around the marker to help support them when fatigued. This gives extra support & security while awaiting rescue
- It can be used in fresh or salt water, when recovered after use it can be recharged and repacked for future use.
- Suitable for all size vessels.

Both rescue systems are easily used by everyone in an instant especially for the ladies who travel on board

READY TO GO – MAN OVERBOARD RESCUE

Many boating guests go out for a day at a time but do not get educated on man-overboard drills. Both these rescue systems are easy to handle in an emergency

SOS MARINE SURVIVAL OPERATIONS SPECIALISTS

The use of internationally recognised quality management systems and wide range of capabilities certifies that customers are always in the best possible hands. SOS Marine has gained an impressive reputation for its understanding of marine work-place requirements and is one of the few companies worldwide to purpose-design and manufactures this type of safety equipment.

S.O.S Harness Lifejacket Vest
The lifejacket vest is preferred by professionals who work in extreme conditions off-shore and salvage teams across the globe.

-With the increasing awareness of Occupational Health and Safety (OHS) obligations, there is a need for flexibility and efficiency for these waterfront professionals.

-Combined harness lifejacket can be donned in under 30 seconds.

-Harness Tested to AS/NZS 1891.1:1995:5.

-Harness can be used separate from the lifejacket.
