

ReelX

The best thing to happen to your fishing reel since you took it out of the box!

ReelX is the new, hi-tech, extreme-pressure reel lubricant that virtually eliminates wear, disrupts existing corrosion and prevents new corrosion or rust from forming. ReelX is perfect choice for all spinning and casting reels.

Starting with the revolutionary CorrosionX core technology, we added a package of extreme pressure additives specifically engineered to make

your fishing reels achieve their ultimate performance. ReelX contains no wax, tar, silicone or other solids, so it will never gum-up.

ReelX displaces moisture, and WON'T HARM MONOFILAMENT.

- Improves Reel Performance
- Stops/Prevents Rust & Corrosion
- Will Not Harm Plastic, PTFE or Monofilament

Used by many of the world's top reel manufacturers, including:

- Penn Fishing Tackle Manufacturing Company
- Shimano
- Accurate Fishing Products
- Bauer Premium Fly Reels, Inc.
- Okuma Fishing Tackle Corporation
- Zebco, a division of Brunswick Corporation

ReelX is not harmful to the environment.
