- Numerous strips of reflective material are fastened to the vest providing safety and easy identification on night and low-light conditions with ID plastic pocket
- Designed for your special requirements and available in different colours
- Number 10 heavy duty zipper
- Quick release key loop with eyelet
- Weights approx 1.2kg
- **OPTIONAL:** Includes a 3 litre drinking bladder (hands-free) in the rear of the vest

Managing heat stress in workplace

- SOS Marine recognises the importance it is to stay hydrated by incorporating a 3 litre water bladder
- This allows the wearer to have access to quality drinking water

Dehydration and heat stress is one of the main medical emergencies confronting OH& S supervisors. This simple innovation assists the carbon footprint associated with bottling and transporting plastic water bottles
